

October 26, 2007

Dear Business Leader:

It is my pleasure to invite you to participate in the **2008 Science and Technology Job Expo** coordinated by the *Susquehanna Workforce Network*. This event is scheduled for **Thursday, January 17th, 2008 from 3:00 pm to 7:00 pm, at the Ripken Stadium in Aberdeen.** Inclement weather date is January 18, 2008.

As a result of interest expressed by members of the Technology business community this job expo will offer exposure for technology and technology support companies in Harford and Cecil Counties and the surrounding areas to a potentially focused workforce with interest in your industry. Additionally, there has been increased interest from residents throughout the region as well as from out-commuters, potential in-commuters and employees and their spouses considering relocation to our area due to Base Realignment and Closure activities. Due to the limited number of spaces available for businesses I urge you to consider reserving space at the Job Fair as soon as possible. I am confident that you will benefit from your participation.

The Susquehanna Workforce Network, Inc. is serving as the lead organization coordinating this event with a Job Fair Committee that is comprised of representatives of The Northeastern Maryland Technology Council, The Army Alliance, Aberdeen Proving Ground ACS, the Department of Labor, Licensing & Regulation, their Veteran's Transition Assistance Program, the Harford County Office of Economic Development, the CSSC Regional BRAC Office and the Aberdeen VFW. We all share a commitment to this job fair as a coordinated forum for matching workforce talent with employers who need good employees.

Enclosed in this mailing is the form your company needs to register for this event. Space is limited. Please complete and return the form as soon as possible. If you have questions or need additional information, please contact Stacey Lambert at 410/939-4240 or slambert@swnetwork.org. We look forward to seeing you on January 17th!

Cordially,

Bruce England
Executive Director
